# Forward

One of the barometers to evaluate our success in the South African education landscape, is the National Senior Certificate examination results. Today, our public examination standards are comparable to the best in the world. At the heart of a successful education system, is a credible public examination system built on the foundations and pillars of integrity. It must enjoy respect and be acknowledged as such by higher education institutions, employers and our people. The National Senior Certificate has stood the test of time and after 12 years of teaching and learning, this qualification has intrinsic value for both individuals and society.

The year 2020 will go down in history as one in which we faced unprecedented challenges that affected every facet of human life. The Class of 2020 sat for the National Senior Certificate (NSC) examinations in a year that the world was held to ransom by the Covid-19 pandemic. When this cohort commenced with their exit year of the NSC, no one would have imagined the challenges that they faced.

The pandemic did not derail the Department of Basic Education and Public Examinations from its primary objective to deliver quality education and credible examinations. In 2020, our aim was to rescue the education sector from ruins that this virulent pandemic has caused. We have taken extraordinary measures to combat and manage the spread of the epidemic in our sector. We adopted a staggered approach for the re-opening of schools to avoid congestion and observe the novel social distancing. Our strategy to rescue the 2020 academic year is predicated on curriculum trimming for all grades, except Grade 12. The full curriculum coverage for Grade 12s aims to ensure that the exit qualification of the Class of 2020 enjoys the same status as the previous cohorts.

The Class of 2020 was offered targeted support aimed at ensuring that all learners receive maximum opportunities to succeed. Against the background of the extended lockdown and the challenges posed by the pandemic, the 2020 learner support programmes encompassed a broad collection of educational strategies, including supplementary materials, vacation classes (during autumn, winter and spring vacations), after-school classes, teacher content, pedagogical and assessment support, mobilising volunteer tutors, as well as alternative and differentiated ways of grouping and teaching learners. Schools also provided learner support programmes to address specific performance results or trends. NGOs, corporates, institutions of higher learning, community groups, and volunteer-based learning programmes, often worked in partnership with schools and provided highly valuable support to our learners – for that we remain grateful. Radio stations and television channels contributed immensely to the readiness of the Class of 2020 for the NSC examinations.

A total of 607 226 full-time candidates sat for the 2020 NSC examinations. Although the Class of 2020 did not attain a better pass rate than the Class of 2019, it must be acknowledged that in spite of a very difficult year, this cohort exceeded expectations. If the achievements of different cohorts over the past decade are considered, it is evident that the standard and quality of the public examinations system is stabilising. The proficiency of our education system is confirmed by the fact that the achievements in gateway subjects have been on par over the past five years.

The approval of the 2020 NSC examinations was preceded by rigorous verification of all examination processes. In spite of the challenges posed by the pandemic and many countries having postponed public examinations, the DBE forged ahead and offered quality high-stakes examinations. The Class of 2020 persevered to ensure that they attain the National Senior

Certificate that serves as a gateway to a career, entrepreneurial opportunities or further studies. We celebrate the achievements of the Class of 2020!

The objective of the schooling system is to ensure that every learner attains a National Senior Certificate. Therefore, learners who do not meet the requirements of the NSC in their first attempt, are offered a second opportunity in the June examinations. The Department has also established a Second Chance Programme, which offers support to learners that would require to sit for either the June examinations or the following examinations as a part-time candidate.

The offering of quality basic education is not achieved by wishful thinking. The efforts invested into the Class of 2020 culminated in their achievements. I am confident that, in spite of the myriad of challenges posed by the Covid-19 pandemic, the DBE and all its warriors in education, will, through well-designed and effective interventions and support programmes, achieve a positive impact on learner performance in 2021. The Xitsonga saying, 'Dyondzo I xitlhangu xa vutomi' is forever true. Roughly translated, 'Education is the shield of life'. I therefore invite all education stakeholders and the broader South African public to get involved in the DBE's efforts to fight the battle to improve lives and livelihoods through quality basic education.

**MRS AM MOTSHEKGA, MP**
**MINISTER OF BASIC EDUCATION**

# 1. Introduction

This edition of the Schools Subject Report comprises the 2020 NSC subject results for all schools in every province. These results are consolidated into a single reference document that allows all stakeholders to review, monitor and track subject performance of the schools in their respective local communities. This report provides historical data on the performance of the 11 gateway subjects.

In order to enable a comparative analysis, subject performance data for both 2019 and 2020 are provided. This report is a useful resource that can inform the design and implementation of appropriate interventions at school, district and provincial levels.

This report should be read in conjunction with the following complementary reports on the 2020 National Senior Certificate examination published by the Department of Basic Education:

a) The 2020 National Senior Certificate Examination Report;

b) National Schools Report that presents the overall school results over three years; and

c) National Diagnostic Reports which provides an analysis learner performance in the 11 Gateway Subjects, the 11 Home Languages and Technical subjects; which identifies areas of poor performance, and recommends appropriate remedial measures in each of the subjects.

Together these four reports aims to provide a comprehensive overview of learner, school and subject performance on the 2020 NSC.

# 2. Scope Of The Schools Subject Report

The Schools Subject Report presents performance data in the following 11 gateway subjects: Accounting, Agricultural Sciences, Business Studies, Economics, English First Additional Language (FAL), Geography, History, Life Sciences, Mathematical Literacy, Mathematics and Physical Sciences.

Candidates' performance in these gateway subjects, at a national level over the last two years, precedes the summary table of candidates' performance in these subjects in each education district. This detailed set of data is provided to every school to enable them to measure progress made and evaluate reasons for upward or downward performance trends in 2019 and 2020.

# 3. Utilisation Of The Schools Subject Report

This report should be used by school managers, subject advisors, curriculum specialists and district planners to analyse a subject's overall performance within a school, and at cluster, circuit or district level. This report helps education stakeholders to identify the specific subjects where performance is poor and to ensure appropriate interventions are introduced. Where subject performance shows an upward trend within a school, circuit, district or province, the stakeholders must use the opportunity to identify the factors that have contributed to improved performance in specific subjects and consider how these best practices can be shared other teachers in the school where performance is low as well as with schools in that are performing poorly. The data may also be used to track learner performance in 2021 to ensure that their learners improve poor performance or maintain high performance. Early identification of poor performance will enable all stakeholders to implement appropriate interventions early enough to ensure the necessary impact thereby maintaining high levels of performance or improving performance.

School communities also have the opportunity to identify teacher capacity building needs and invest in this. A review of current equipment and curriculum resource needs is also necessary to ensure that the school is adequately resourced to harness the collective efforts and potential of teachers and learners so that they are motivated to improve upon their 2021 performance in selected subjects.

# 4. Summary Of Candidates Performance In Gateway Subjects

## 4.1 NATIONAL PERFORMANCE IN 11 MOST POPULAR SUBJECTS: 2016-2020
