REPLY:

Questions 1 and 2:

The following information has been received from the South African Council for Educators (SACE).

It was unfortunately not possible to obtain such detailed information from all the provinces, but we managed to get a response from Free State, Eastern Cape, North West, Western Cape province on such short notice. We are unable to provide names of these educators owing to the legal implications that might have, as decisions on some of these cases are challenged through judicial processes. I can however supply updated information for 4 Provinces. The relevant information pertaining to the remaining provinces will be provided when received from such provinces or you may obtain the information from them directly.
