

## **NATIONAL COUNCIL OF PROVINCES**

**FOR ORAL REPLY  
QUESTION 22**

**DATE OF PUBLICATION IN INTERNAL QUESTION PAPER: 12-03-2007  
(INTERNAL QUESTION PAPER NO.: 06-2007)**

**DATE TO REPLY IN PARLIAMENT: 20-03-2007**

**Mr CJ van Rooyen to ask the Minister of Education:**

Whether her department has developed any policies to encourage (a) national and (b) provincial departments to consider Further Education and Training (FET) institutions as their preferred suppliers for training; if not, why not; if so, what are the advantages to the (i) FET, (ii) national and (iii) provincial departments?

**C538E**

**REPLY:**

No, the Department of Education has not developed any specific policies. However, provincial and national departments do use colleges as their preferred suppliers for training in, for example, office administration, financial management, and tourism skills.

The advantage to the colleges of providing training for national and provincial departments is that students are guaranteed work-place opportunities. The advantage to the national and provincial departments is that they are able to specify the type and nature of skills that students require.

The colleges are found across the country. I have provided the NCOP with a list of their various programmes, which can be accessed at the various colleges, together with a list of the names and addresses and additional particulars of the 50 colleges across the country.

LIST OF FET PROGRAMMES

PROGRAMME	VOCATIONAL SUBJECTS	CAREER OPTION
National certificate (Civil Engineering and Building Construction)	Drawing and Setting; Quantities and Costing; Construction Plant and Equipment; Construction Materials; Construction Supervision; Building; Construction Carpentry and Roofwork; Construction Masonry and Tiling Construction; Roads; and Concreting.
