- 5. Purpose
- 6. Content Overview amendments for grade 9
- 7. Annual Teaching Plan amendments for grade 9
- 8. School Based Assessment (SBA) amendments for grade 9

## 1. Background

## Introduction

COVID 19 led to losses in teaching and learning time due to:

- the lockdown period and phased reopening of schools,
- Alternating time tabling models and
- the related health and safety protocols.

Furthermore, the revision of the school calendar and intermittent closure of many schools negatively impacted the ability of teachers to implement the revised 2020 ATPs as envisioned. To mediate the impact and support teachers in managing teaching, assessment and learning within the reduced **time**, the DBE in 2020 implemented:

- Circular S3 that outlined and guided teachers to conduct context specific subject trimming, in consultation with subject advisors.
- National Assessment Circular 02 and Circular E 11 to guide school-based assessment in phases and subjects

## **Principles**

Use of the 2020 Curriculum Recovery Framework as the base document

Learning losses inform the Three Year Recovery Plans for School –based Assessment

Management of the learning losses and the School Based Recovery Plans

Create opportunities through adjusted ATPs to strengthen pre-knowledge, consolidation, revision, and deeper learning

Entrench Assessment for Learning as a Pedagogical Approach to address the learning losses

## **Principles**

The 2021 Recovery ATPs maintains the use of current LTSM and resources already available in the system.

Content topics removed in 2020 were not automatically returned in the 2021 Recovery ATPs.

Fundamental and core topics were retained in the Recovery ATPs

To guide and support effective teaching and learning

## **Underpinning Assumptions**

2

3

All learners will return to school from day 1 of the 2021 academic year and norm-times as stipulated in the CAPS will be adhered to for the entire school year;

### **ASSUMPTION 2**

Learning losses due to COVID-19 across grades and subjects will vary from school to school, class to class and even within classes.

### **ASSUMPTION 3**

Each Teacher will have a record of learning losses and Departmental Heads and Subject Advisors will monitor progress in learning loss recovery;

## **Underpinning Assumptions**

5

6

All schools will develop & implement school-based support programmes for all grades/years with particular focus on all the exit grades/years (3, 6, 9 and 12) throughout the three-year period.

### **ASSUMPTION 5**

All Circulars related to the 2020 ATPs including SBA to be withdrawn and revised to align to the 2021 ATPs.

### **ASSUMPTION 6**

Schools have systems in place to manage the possibility of a second wave of the pandemic in Q1 and Q3 of the 2021

## The Development of the 2021 Recovery ATPs

The Recovery ATPs are aligned to the:

- 2021 School calendar
- Abridged S4 of CAPS
- Curriculum and assessment principles as prescribed in the CAPS policy for Life Orientation.

## Purpose

- To mediate the amendments of the 2021 Recovery Annual Teaching Plan including School Based Assessment for Life Orientation, Grade 9 for implementation in January 2021.
- To ensure teaching proceeds as per the 2021 school calendar. To assist teachers with guided pacing and sequencing of curriculum content and assessment.
