6. CONCLUSION
1. INTRODUCTION

The Curriculum and Assessment Policy Statement (CAPS) for Music outlines the nature and purpose of the subject Music. This guides the philosophy underlying the teaching and assessment of the subject in Grade 12.

The purpose of these Examination Guidelines is to:

- Provide clarity on the depth and scope of the content to be assessed in the Grade 12 National Senior Certificate Examination in Music.
- Assist teachers to adequately prepare learners for the examinations.

This document deals with the final Grade 12 external examinations. It does not deal in any depth with the School Based Assessment, Performance Assessment Tasks or final external practical examinations as these are clarified in a separate PAT document which is updated annually.

This guideline should be read in conjunction with:

- National Protocol of Assessment: An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R–12)
- National policy pertaining to the programme and promotion requirements of the National Curriculum Statement, Grades R–12

2.2 Performance/practical examinations

2.2.1 Organisation

- The final practical examination is assessed by a panel of at least two examiners, consisting of a moderator (subject advisor) and one instrumental specialist (teacher).
- No candidate may be examined by a teacher of his own school (also external instrumental teacher), but may be accompanied by the teacher for his practical performance.
- These assessments take place from August to the end of October of every year.
- A timetable is set up in consultation with the school (Head of Music) and the provincial department (provincial co-ordinator).
- An attendance register must be signed by all candidates on the day of the examination.
- All aspects of the examination are assessed during a session of approximately 30–40 minutes per candidate.
- The examination venue need not be on the school premises, but must be suitably equipped and silence must be maintained around the venue.
- Candidates must be dressed in their school uniforms.
- All documentation, e.g. exam forms, scale lists, aural tests and sight-reading samples will be provided by the provincial department.

2.2.2 Conduct during the examinations

- Examiners and candidates must arrive at the examination centres at least 30 minutes before the starting time to ensure that everything is ready.
- Candidates must provide a copy of an official (UNISA, ABRSM or Trinity Guildhall) scale list (not handwritten) for the scales and technical work.
- Candidates must provide the original and two copies of all the pieces that they are performing.
- Candidates must provide a copy of their IDs on entering the exam venue.

2.2.3 Standardisation of the examinations

- All chosen pieces must be of at least Grade 5 standard (comparable with the standards set by UNISA, ABRSM or Trinity Guildhall). This is a minimum standard. Teachers must ensure that the standard of the chosen repertoire is at the minimum standard. Any uncertainties about the required standard should be followed up with provincial subject advisor at the beginning of the Grade 12 year. Presenting pieces below this standard will result in proportional penalisation calculated as follows:
  - Grade IV: Mark × 4/5
  - Grade III: Mark × 3/5
  - Grade II: Mark × 2/5
  - Grade I:  Mark × 1/5
- The minimum standard of the technical work for WAM and JAZZ must be at least Grade 5 (UNISA, ABRSM or Trinity Guildhall). If a candidate chooses to do technical work of a higher standard (Grades 6–8), the complete list of the particular grade must be presented, i.e. candidates may not mix and match their own list.
- If a candidate plays more than one instrument she/he may choose on which instrument they would like to do the technical work.
- Candidates offering indigenous African instruments must present either one or two studies on their main instrument OR they may choose to do two studies on two different instruments.
- Candidates offering voice may present technical exercises (e.g. Unisa, Trinity Grades 5–8) or two vocal studies (vaccai).
- Candidates will do a sight-reading test in the examination which will be at a Grade 5 level (UNISA, ABRSM or Trinity Guildhall) for WAM and JAZZ and a comparable level for IAM.
- Aural tests will be provided by the provincial department and will include three different tests: sight singing, clapping a rhythm and singing of triads.
- Sample assessments follow on the next page.
2.3 Taxonomy

Varying cognitive levels will be reflected in all written papers according to the following ratios.

<table>
<thead>
<tr>
<th></th>

### 3. PRIOR KNOWLEDGE – GRADES 10 AND 11

#### 3.1 Practical (Topic 1)

As far as the practical component of Music is concerned, candidates must have had continuous individual lessons on their chosen instrument or (voice) from Grade 8. Candidates should be at a Grade 4 (Royal Schools (ABRSM), Unisa, Trinity College (Guildhall)) level at the end of the Grade 11 year. Some candidates may well progress further than the Grade 4 level, which should be encouraged, but is not required due to varying circumstances.

The prior knowledge acquired and skills developed up to Grade 11, are absolutely essential for the successful presentation of music as a subject in Grade 12.

Candidates cannot start with Music as a subject in Grade 12 unless they have acquired the required practical performance skills.

#### 3.2 Written Examination: Paper 1 (Topic 2 and Topic 3)

Candidates may not have access to any musical instrument for the duration of the examination. Music Literacy (Topic 2), by its very nature, is accumulative of the study over three years (Grades 10, 11 and 12). Therefore, the content of the Music Literacy section of the paper will include aspects covered in Grades 10 and 11.

General Music and Analysis (Topic 3) is more self-contained in all three streams (WAM, JAZZ, IAM) and questions will therefore be asked mainly from the Grade 12 content. It is important, however, that candidates have a general knowledge of the basic elements of music, styles of music, instruments and form. Short questions, compulsory for all candidates, weighted to a maximum of 20 marks, will be included in this section of the paper.

#### 3.3 Music Comprehension: Paper 2

All skills and application of knowledge acquired in Grades 10 and 11 will be assessed together with the new knowledge acquired in Grade 12. This will ensure that candidates have an overview of the entire General Music Knowledge curriculum for Grades 10 to 12.
4. QUALITY OF CONTENT, THE USE OF LANGUAGE AND PRESENTATION

Music Literacy questions containing music notation must be answered in pencil and all other questions in blue or black ink.

Answers to the General Music and Analysis questions should present relevant information in full sentences with correct spelling, punctuation and grammar. Bullet form should only be used when specifically requested. Answers presented in paragraph format must be coherent and logical. Essay-type questions must include an introductory paragraph, body (containing one or more paragraphs) and a concluding paragraph. Marks will be awarded for correct use of the essay format, e.g. introduction and conclusion.

General Music Knowledge questions will mostly refer to the elements of music: timbre (tone colour), pitch (melody, harmony, and tonality), duration (metre, rhythm, and tempo), dynamics (loudness), texture (density), form (structure), instrumentation, mood and atmosphere. Learners must have a general knowledge of musical terms, instruments, style periods and composers in the Grade 10 and 11 syllabi.

Questions in the Music Comprehension paper containing notation must also be written in pencil and must be clear and unambiguous. Where form analysis is done, the conventions of form analysis must be followed, e.g. sections indicated above the score, key and chords below the score and compositional techniques in the score. Short questions must be answered in full sentences, unless otherwise instructed.
5. **ASSESSMENT CRITERIA**

5.4 PERFORMANCE PIECES

- Each candidate must present four pieces of varying styles, tempos and characters.
- At least one of the pieces must be an ensemble. For the purposes of this examination an ensemble must consist of 2–8 persons. Each performer must play an independent part which must not be doubled by any other performer's part.
- If an adult or teacher performs with the candidate, at least one other learner must be part of the ensemble.
- Ensemble works played by more than two Grade 12 candidates must be played as many times as deemed necessary by the examiner.
- Improvisation may form part of any of the pieces, but a lead sheet must be provided for the examiner's convenience.
- Candidates who present pieces at a higher standard than the required minimum (Grade 5), will be assessed at the level of the specific standard. They will therefore not be advantaged unless they perform the pieces with technical competence, accurate characterisation and stylistic insight. This means that the candidate who presents pieces at a higher level, but plays them inadequately, will be assessed in the same way as a candidate who plays Grade 5 pieces inadequately.

GENERAL

- The Music teacher of the school or the instrumental teacher may attend the examination as an observer, but may not discuss or know the marks.
- No marks may be divulged to the teacher, instrumental teacher or the parent. All practical marks must be treated with strict confidentiality like all written papers in all subjects.

100 marks for each piece ÷ 4 = 25 marks per piece = 100 marks

6. CONCLUSION

This Examination Guidelines document is meant to articulate the assessment aspirations espoused in the CAPS document. It is therefore not a substitute for the CAPS document which educators should teach to.

Qualitative curriculum coverage as enunciated in the CAPS cannot be over-emphasised.
