(Historical enquiry) | 1. Formulate questions to analyse concepts for investigation within the context of what is being studied. *(Not for examination purpose).*  
2. Access a variety of relevant sources of information in order to carry out an investigation. *(Not for examination purpose).*  
3. Interpret and evaluate information and data from sources.  
4. Engage with sources of information evaluating the usefulness of the sources for the task, including stereotypes, subjectivity and gaps in the evidence available to the learners. |

2. Synthesise information to construct an original argument using evidence to support the argument.  
3. Sustain and defend a coherent and balanced argument with evidence provided and independently accessed.  
4. Communicate knowledge and understanding in a variety of ways including discussion (written and oral) debate, creating a piece of historical writing using a variety of genres, research assignments, graphics, oral presentation. |
1.2 The following levels of questions were used to assess source-based questions:

</table>

1.3 The following table indicates how to assess source-based questions:

- In the marking of source-based questions credit needs to be given to any other valid and relevant viewpoints, arguments, evidence or examples.
- In the allocation of marks emphasis should be placed on how the requirements of the question have been addressed.
- In the marking guideline the requirements of the question (skills that need to be addressed) as well as the level of the question are indicated in italics.
2. EXTENDED WRITING

2.1 The extended writing questions focus on one of the following levels:

<table>
<thead>
<tr>
<th>LEVELS OF QUESTIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Level 1</strong></td>
</tr>
<tr>
<td>• Discuss or describe according to a given line of argument set out in the extended writing question.</td>
</tr>
<tr>
<td>• Plan and construct an argument based on evidence, using the evidence to reach a conclusion.</td>
</tr>
<tr>
<td><strong>Level 2</strong></td>
</tr>
<tr>
<td>• Synthesise information to construct an original argument using evidence to support the argument.</td>
</tr>
<tr>
<td>• Sustain and defend a coherent and balanced argument with evidence.</td>
</tr>
<tr>
<td>• Write clearly and coherently in constructing the argument.</td>
</tr>
</tbody>
</table>

2.2 Marking of extended writing

- **MARKERS MUST BE AWARE THAT THE CONTENT OF THE ANSWER WILL BE GUIDED BY THE TEXTBOOKS IN USE AT THE PARTICULAR CENTRE.**

- **CANDIDATES MAY HAVE ANY OTHER RELEVANT INTRODUCTION AND/OR CONCLUSION THAN THOSE INCLUDED IN A SPECIFIC EXTENDED WRITING MARKING GUIDELINE FOR A SPECIFIC ESSAY.**

- **WHEN ASSESSING OPEN-ENDED SOURCE-BASED QUESTIONS, LEARNERS SHOULD BE CREDITED FOR ANY OTHER RELEVANT RESPONSES.**

Global assessment of extended writing

The extended writing will be assessed holistically (globally). This approach requires the educator to score the overall product as a whole, without scoring the component parts separately. This approach encourages the learner to offer an individual opinion by using of selected factual evidence to support an argument. The learner will not be required to simply regurgitate 'facts' in order to achieve a high mark. This approach discourages learners from preparing 'model' answers and reproducing them without taking into account the specific requirements of the question. Holistic extended writing marking credits learners' opinions supported by evidence. Holistic assessment, unlike content based marking, does not penalise language inadequacies as the emphasis is on the following:

- The construction of argument
- The appropriate selection of factual evidence to support such argument and
- The learner's interpretation of the question
Assessment procedures of extended writing

1. Keep the synopsis in mind when assessing extended writing.

2. During the first reading of the extended writing ticks need to be awarded for a relevant introduction (indicated by a bullet in marking guideline/ memorandum) each of the main points/aspects that is properly contextualised (also indicated by bullets in the marking guideline/ memorandum) and a relevant conclusion (indicated by a bullet in marking guideline/ memorandum) e.g. in an answer where there are 5 main points there will be 7 ticks.

3. The following additional symbols can also be used:
   - Introduction, main aspects and conclusion not properly contextualised
   - Wrong statement
   - Irrelevant statement
   - Repetition
   - Analysis
   - Interpretation

4. The matrix

   4.1 Use of analytical matrix in the marking of extended writing (refer to page 6)

   In the marking of extended writing with reference to page 6 the given criteria shown in the matrix should be used. In assessing the extended writing note should be taken of both the content and presentation. At the point of intersection of the content and presentation based on the seven competency levels, a mark should be awarded.

   4.1.1 The first reading of extended writing will be to determine to what extent the main aspects have been covered and to determine the content level (on the matrix).

   4.1.2 The second reading of extended writing will relate to the level (on the matrix) of presentation.

   4.1.3 Allocate an overall mark with the use of the matrix.

4.2 Use of holistic rubric in the marking of extended writing (refer to page 7)

   The given rubric which takes into account both content and presentation should be used in the marking of extended writing.

Uses evidence in a very basic manner | MARKS: 3–5 |
| LEVEL 3 | Uses relevant evidence e.g. demonstrates a thorough understanding of the usefulness of this source to a historian writing about the Cuban Missile Crisis

1.5 EXTENDED WRITING

1.5.1 [Plan and construct an argument based on evidence using analytical and interpretative skills - L1 – LO1 (AS 3 and 4); LO2 (AS1, 2 and 3); LO3 (AS1, 2, 3 and 4)]

SYNOPSIS
Candidates need to discuss how the detection of Soviet missiles by the USA in Cuba led to intensified Cold War tensions between the superpowers during the 1960s.

MAIN ASPECTS
Candidates should include the following aspects in their response:

• Introduction: Candidates should indicate their line of argument and how they intend to support their line of argument.

ELABORATION

• Background - Reasons for the missile build-up in Cuba (Bay of Pigs; NATO missiles in Turkey and Italy; Spreading of communism in Latin America)
• USA spy planes discovered missiles sites in Cuba (The American reaction-blockade, calls for removal, threatened invasion of Cuba)
• The Soviet response (disobeyed blockade and gave its submarine commanders orders to take action against US ships)
• At first the Soviet Union did not admit to missiles sites in Cuba (Later the Soviet Union admits, but claims it is for defensive purposes only)
• Negotiations between the USA and Soviet Union intensified the Cold War (The Soviet Union agreed to remove missiles from Cuba only if the USA gave an undertaking not to invade Cuba)
• The USA acceded to this demand (Undertook to remove missiles from Turkey but it should not be made public so that Kennedy is not portrayed as ‘weak’)
• Tensions between the USA and USSR increased as an American spy plane is shot down over Cuban airspace, but the USA did not respond
• The superpowers reached an agreement on the missile crisis (USA would not invade Cuba and will remove missiles from Turkey and Italy; The USSR would remove missiles from Cuba and would dismantle missiles under United Nations supervision)
• A hotline was set up between the White House and the Kremlin/Nuclear Test Ban Treaty was signed/Through negotiations a ‘Hot War’ was averted
• Any other relevant response

• Conclusion: Candidates need to tie up the discussion with a relevant conclusion. (30)

[Synthesise information to construct an original argument using evidence from the sources and own knowledge to support the argument - L2 – LO1 (AS 3 and 4); LO2 (AS1, 2 and 3); LO3 (AS1, 2, 3 and 4)]

SYNOPSIS

In answering this question, candidates should take an independent line of argument in showing how Khrushchev and Kennedy search for a peaceful solution to prevent total destruction of human kind

MAIN ASPECTS

• Introduction: Candidates should show their line of argument and indicate how they intend answering the question.

ELABORATION

• Reasons for the missile build-up in Cuba (Bay of Pigs; NATO missiles in Turkey and Italy; Spreading of communism in Latin America)
• USA spy planes discovered missile sites in Cuba (Kennedy called for the removal of missiles, USSR refuses; Kennedy launched a blockade and quarantine; Kennedy did not attack Cuba, showed that he was searching for a peaceful solution)
• Khrushchev showed he was also willing to give peace a chance by asking the USA to lift the blockade, not invade Cuba (Khrushchev left the door open for discussion on destruction and removal of missiles from Cuba)
• Khrushchev also asked America to remove missiles from Turkey and Italy (Kennedy did not accede to this demand publicly, he privately gave assurances that it will be removed after discussions with NATO)
• Kennedy did not retaliate when an American spy plane was shot down over Cuban airspace (Kennedy demanded removal of missiles or America will be forced to attack)
• Khrushchev finally agrees to remove missiles under UNO supervision
• Both leaders emerge from the crises as victors
• Any other relevant response

• Conclusion: Candidates should tie up their argument.
