

Mrs Angie Motshekga,
Minister of Basic
Education

Mr Enver Surty,
Deputy Minister
of Basic Education

These workbooks have been developed for the children of South Africa under the leadership of the Minister of Basic Education, Mrs Angie Motshekga, and the Deputy Minister of Basic Education, Mr Enver Surty.

The Rainbow Workbooks form part of the Department of Basic Education's range of interventions aimed at improving the performance of South African learners in the first six grades. As one of the priorities of the Government's Plan of Action, this project has been made possible by the generous funding of the National Treasury. This has enabled the Department to make these workbooks, in all the official languages, available at no cost.

We hope that teachers will find these workbooks useful in their everyday teaching and in ensuring that their learners cover the curriculum. We have taken care to guide the teacher through each of the activities by the inclusion of icons that indicate what it is that the learner should do.

We sincerely hope that children will enjoy working through the book as they grow and learn, and that you, the teacher, will share their pleasure.

We wish you and your learners every success in using these workbooks.

TEACHERS' GUIDELINES – GRADE 1 HOME LANGUAGE

This Workbook should be used together with your other resources.

Use this book and other resources to continuously develop your learners' concepts of:

- Book handling: The correct way in which to hold and page through a book.
- Book concept: The front page, back page, title and table of contents.
- Directionality: Reading from front to back, from left to right and from top to bottom.

TEACHING TIPS

Listening and speaking

Consult your Curriculum and Assessment Policy Statement (English Home Language p. 10).

Ensure that your learners exposed to stories, short rhymes, poems and songs every week. We have included a range of these in this Workbook.

Picture discussions

- Guide the learners in:
 - identifying and discussing objects in the pictures (size, shape, colour and quantity)
 - interpreting the pictures by asking questions: who, what, where, when, why, what happened before, what happened later?
 - composing a class story (length being determined by learners' levels of development)
- Allow each learner to tell the class story to a friend.
- Model the writing of the class story (CAPS Home Language, p. 12, shared writing). Highlight the correct use of word spacing and punctuation.
- Allow the learners to join you in reading the class story.
- Ask learners to underline or circle the sounds and/or vocabulary of the week in the class story.

Reading

Consult your Curriculum and Assessment Policy Statement (English Home Language), p. 12 – 18, regarding the five main components of teaching reading. (Poetry: See the All-In-One teachers' guide.)

Writing

Consult your Curriculum and Assessment Policy Statement (English Home Language), p. 18 – 19, concerning handwriting and the writing process.

Attend to the following each day:

- the correct handling of crayons and pencils
- directionality: writing from left to right and from top to bottom
- the use of writing strips to demonstrate correct letter formation and direction

Keep the following in mind:

- Learners' learning preferences differ. It is important that learners should be stimulated visually, auditive and kinesthetically (experientially) for them to learn effectively.
- Learning takes place through repetition.
- If learners' fine motor skills are not sufficiently developed, they should be given the opportunity to complete activities in their blank A4 exercise books.
- Learners should experience learning, therefore activities should be practised before being completed in writing, e.g.:
 - Sounds:** Allow learners to form letters in clay before completing them in writing.
 - Vocabulary:** Give learners the opportunity to build words using letter cards.
 - Sentence construction:** Learners should cut out each week's word cards at the back of the book and use them to build sentences.
 - Comprehension:** Learners should complete the answers orally in their groups before completing them in writing. Let the group leader ask the questions while the group members find the answers and answer the questions. Selecting words to complete sentences: Provide the groups with incomplete writing strips and word cards. Learners complete the sentences by placing the word cards correctly.

Note: During group activities, provide the group leader with a set of answers set to enable him/her to guide group members correctly.
