Director-General: Basic Education

Re: My 2010 School Adventure – 2010 South African Schools Football World Cup Competition

Dear Principal

I congratulate and thank all schools that participated in the 2009 Schools Confederations Cup Competition which was a great success. Therefore the schools are invited to register in large numbers for the second phase of My 2010 School Adventure which is a build up to the 2010 FIFA World Cup™ tournament.

Schools have another chance to participate in the exciting football and education competition that now focuses on the 2010 FIFA World Cup. This is the chance for all South Africans, but particularly our learners and educators, to show the world our unique talents and identity. South Africa, with the rest of the African continent, has been given this extraordinary opportunity to welcome the rest of the world as we host this wonderful meeting of nations from all continents, brought together in peace and joy to celebrate the great game of football. After many years of waiting in anticipation, the time has arrived! *Ke Nako!*

The Departments of Basic Education, Sport and Recreation South Africa, Arts and Culture, and the 2010 FIFA Organising Committee, in partnership with 2010 FIFA commercial affiliates, invite all schools in South Africa to participate in the My 2010 School Adventure.

Let us prepare ourselves to showcase our talents, our national and continental identity and our values as Africans.

I would like to see all schools and learners taking part in this historic event.

Yours faithfully

Mr D Hindle

Director-General: Basic Education
