

PREFACE

Section 3(4)(l) of the National Education Policy Act, 1996 (No. 27 of 1996) makes provision for the determination of national education policy regarding curriculum frameworks, core syllabuses and education programmes, learning standards, examinations and the certification of qualifications, subject to the provisions of any law establishing a national qualifications framework or a certifying or accrediting body.

The policy document, *Formal technical college instructional programmes in the RSA, Report 191 (2001/08)*, contains the programme requirements for current technical college education in the Republic of South Africa. The Report serves as a manual and is an educational policy document, which lists all instructional programmes approved by the Minister of Education in accordance with the *National Education Policy Act 1996, (Act No. 27 of 1996)*.

The policy document, *Norms and standards for instructional programmes and the examination and certification thereof in technical college education, Report 190 (2000/03)* is a separate policy document containing broad, general provisions with regard to technical college education, pertaining to norms and standards for instructional programmes, examinations and certification. More detailed particulars regarding the various instructional programmes offered by technical colleges are contained in the policy document, *Formal technical college instructional programmes in the RSA, Report 2001 (2001/08)*.

The policy document, *Formal technical college instructional programmes in the RSA, Report 191 (2001/08)* has at this stage only a maintenance function and will be gradually replaced by a new Further Education and Training (FET) policy document which will accommodate the national norms and standards for FET, as stipulated in the *Education White Paper 4: A programme for the transformation of Further Education and Training, August 1998* and the *Further Education and Training Act, 1998 (Act No. 98 of 1998)*.

This report replaces all the previous NATED 02-190, NATED 02-191 and 190 and 191 Reports. Technical college students registering for the first time, must register for the instructional programmes and instructional offerings appearing in this document, *Formal technical college instructional programmes in the RSA, Report 191 (2001/08)*.

DEFINITIONS

1. AN IMMIGRANT CANDIDATE

An immigrant candidate is, for the purposes of these measures:

(1) *A child, or a dependent of a diplomatic representative of a foreign government accredited in South Africa; or*

(2) *any person who:*

*first entered a South African school in Grade 7 or a more senior grade;
or
having begun his/her schooling at a South African school, has attended school outside South Africa for two or more consecutive years after Grade 6, or its equivalent.*

2. LANGUAGES

2.1 An Approved Language

An Approved Language, with regard to the language requirements (Group A) instructional offering, as listed in the policy document, *A resumé of instructional programmes in schools, Report 550 (2001/08)*, is a language with a valid syllabus at First, or Second Language level, as approved by the Minister of Education as national policy.

2.2 A Language of Learning and Teaching

A Language of Learning and Teaching in public schools must be an official language.

2.3 Language levels

Each of the languages listed in Report 550 (2001/08) falls into one of the following categories:

- (a) A language qualified as a First (main) Language, for example Business English, Sake Afrikaans, English, Sepedi; or
- (b) a language qualified as a Second (additional) Language, at the moment all eleven official languages and Business English and Sake Afrikaans.

3. EDUCATION DEPARTMENT

In this document an education department is a national, or provincial education department.

CONCESSIONS

- (1) The following concessions regarding the languages may be applied to aurally handicapped, aphasic and dyslectic candidates:
 - (a) In cases where two languages are required, only one language, at First Language level, need be offered, provided that an additional instructional offering is offered in lieu of the second language.
 - (b) In cases of aurally handicapped candidates whose language of instruction is not their mother tongue, the language referred to in (1)(a) above may be offered on Second Language level.

- (2) The following concession regarding the languages may be applied to immigrant candidates as defined above:

In the case of the National Intermediate Certificate and the National Senior Certificate where two languages are required, a candidate who has been granted immigrant status and who satisfies the requirements for the National Intermediate Certificate and the National Senior Certificate, need only to present and pass one of the required First or Second Languages, in which case another instructional offering must be offered in lieu of the second language.

COMPILATION OF THIS REPORT

- (1) The instructional programmes are listed numerically in terms of N-Certificates, Integrated Certificates, N-Diplomas and Non-National Certificates. It should be noted that the instructional programme details for all the National Intermediate Certificate and National Senior Certificate instructional programmes are incorporated in the corresponding National Certificate N2 and National Certificate N3 programmes.
- (2) This Report lists only approved instructional programmes.
- (3) The instructional programme codes consist of 8 digits, which have the following meaning:

First digit: “5” technical college instructional programmes;

second and third digits: type of qualification;

fourth and fifth digits: CESM category of majors/specialisation field (up to two digits); and

sixth to eighth digits: unique instructional programme code.

The instructional programmes are distinguished by the following series of unique instructional programme codes:

000-399: National N Certificates;

400-499: National N Diplomas;

500-699: National Integrated Certificates;

800-998: Non-National Certificates; and

999- : Non-National Enrichment Programmes.

- (4) The instructional offering codes consist of 8 digits, which have the following meaning:

First, second, third and fourth digits: CESM category (up to four digits);
fifth, sixth and seventh digits: unique instructional offering codes within each CESM category; and
eighth digit: course level of the instructional offering.

The enrichment instructional offerings are distinguished by unique codes within series 500-699.

- (5) The credit value allocated to each instructional offering is also indicated. In the context of these instructional programmes the total credit value is linked to the duration of the instructional programme, e.g.

- Trimester programmes 0,33;
- semester programmes 0,5; and
- year programmes 1,0.

- (6) All instructional offerings are considered as compulsory unless indicated as optional under the heading “Remarks”.

REMARKS

1. ADMISSION REQUIREMENTS

- 1.1 An appropriate National Certificate: N4 Engineering Studies; or an equivalent qualification, taking into account pre-requisites for instructional offerings where applicable.

2. DURATION

Full-time: One trimester.

3. PROGRAMME REQUIREMENTS

- 3.1 At least three instructional offerings are required for the issuing of the certificate, provided that:

3.1.1 The following instructional offerings may not be taken together, except if they are chosen as additional instructional offerings:

3.1.1.1

- Radar Systems N5; and
- Radar Technology N5;

3.1.1.2

- Internal Combustion Engines N5; and
- Power Machines N5;

3.1.1.3

- Digital Electronics N5; and
- Logic Systems N5.

3.1.2 Pre-requisites:

Engineering Science N4 for Engineering Physics N5.
