NEIMS (NATIONAL EDUCATION INFRASTRUCTURE MANAGEMENT SYSTEM) PDF REPORT 2009
CONTENTS:

1. BACKGROUND

1.1. Introduction

1.2. Definitions

1.3. Photo examples of infrastructure

2. Tables

2.1. Table 1: Number of public ordinary and special schools on their own site per province.

2.2. Table 2: Number of public ordinary schools on their own site according to:
   2.2.1. Primary schools
   2.2.2. Secondary schools
   2.2.3. Combined schools
   2.2.4. Intermediate schools

2.3. Table 3: Number of sites per province provided with electricity infrastructure.

2.4. Table 4: Number of sites per province provided with water infrastructure.

2.5. Table 5: Number of sites per province provided with sanitation facilities.

2.6. Table 6: Number of site and the type of fencing on the boundary of the site.

2.7. Table 7: Number of all the ordinary schools with or without libraries.

2.8. Table 8: Number of all the ordinary schools with or without laboratories.

2.9. Table 9: Number of all the ordinary schools with or without a computer centre.

2.10. Table 10: Number of all the ordinary schools with or without sports facilities.

2.11. Table 11: Number of all the ordinary schools with or without communication facilities.
1. BACKGROUND

1.1. Introduction

The School Register of Needs Survey (SRN) conducted in 1996 and 2000 resulted in the first comprehensive database on school infrastructure in the history of education in South Africa, providing information on physical facilities, basic services, learning material and equipment. During 2006, another assessment was conducted, expanding on the two previous surveys. The report, namely the National Education Infrastructure Management System (NEIMS) was published in September 2007.

Subsequent to the publication of NEIMS in 2007, data clean-up and update was conducted and new reports generated. These reports will be updated on a quarterly basis based on assessment received from Provincial Education Departments.

1.2. Definitions

NEIMS - National Education Infrastructure Management System

EMIS - Education Management Information System

School Site - Refers to the actual physical location of a school.

School - A public school or an independent school which enrol learners in one or more grades from Grade R (reception) to Grade 12.

Learner with Special Education Needs (SNE)

Special Needs Education - Education that is specialised in its nature and addresses barriers to learning and development experienced by learners with special education needs (including those with disabilities) in special as well as ordinary schools.

Special schools - Schools resourced to deliver education to learners requiring high-intensity educational and other support on either a full-time or a part-time basis. The learners who attend these schools include those who have physical, intellectual or sensory disabilities or serious behaviour
and/or emotional problems, and those who are in conflict with the law or whose health-care needs are complex.

**Ordinary school**  A school that is not a special school

**Primary school** - Institution that offers formal schooling between the range of Grades R to 7.

**Public School** - A school contemplated in Chapter 3 of the South African Schools Act 84 of 1996

**Combined School** - A school that offers a selection of grades between Grade R and Grade 12, but such a selection is not in line with the grade limits of either a primary or a secondary school.

**Intermediate school** - A school that offers a selection of grades between Grade R and Grade 12, but such a selection is not on line with the grade limits of either a primary or secondary school.

**Secondary School** - Institutions offering a lowest level of Grade 8 and a highest level of Grade 12. There are also institutions included in this group that offer only a selection of grades within these limits.

**Platoon school**  A school with its own learners, staff, principal and EMIS number which uses the building and infrastructure of the host school.

**Platoon sites are sites where:**

- More than one school is using the same facilities, the host schools during the morning and another school (platoon school) during the afternoon. The platoon school has no facilities and is in need for own site and school buildings.
1.3. Photo examples of structures

1.3.1. Electrification of sites

Grid electrification

Solar

1.3.2. Water facilities on sites

1.3.2.1. Municipal water supply to a site

1.3.2.2. Borehole on site
1.3.2.3. **Rain harvesting on site**

1.3.2.4. **Portable water / tanker on site**

1.3.3. **Sanitation facilities on site**

1.3.3.1. **Buckets on site** (to be noted that this includes chemical toilets, attached examples of chemical toilets)
1.3.3.2. **Pit latrines on site**

1.3.3.3. **VIP- pit latrine with ventilated pipe at the back of the toilet**
1.3.3.4. **Enviro loo on site**

1.3.3.5. **Flush toilets connected to municipal sewage system or to a septic tank.**
1.3.4. Fencing on site

1.3.4.1. Concrete palisade and brick wall as fencing on site
1.3.4.2. Wire fencing on site

1.3.5. Sport facilities on site

1.3.5.1. Paved area used as combi court on site
1.3.5.2. Soccer field on site

1.3.5.3. Netball and tennis facilities on site

1.3.5.4. Hockey and cricket facilities on site
1.3.5.5. Athletics facilities on site

1.3.6. Building material used as walls for buildings

1.3.6.1. Mud / clay used as building material on site

Modern technology face brick and mud/clay bricks

Making of mud / clay bricks Northern Cape
1.3.6.2. **Face bricks used as building material on site**

1.3.6.3. **Other type of building material used for walls on site**
1.3.6.4. *Plastered brick used as building material on site*

1.3.6.5. *Other types of brick used as building material for walls on site*

1.3.6.6. *Metal used as building material for walls on site*
1.3.6.7. Prefabricate building material used as walls on site
1.3.6.8.  **Wood used as building material for walls on site**

Inside view of wood structures
1.3.6.9. *Mobile classrooms, there are different types of building material used for this type of classroom.*
