QUESTION 286.

Response

Coding and Robotics has not been integrated as a subject in all schools.

The subject has a draft curriculum that is currently being reviewed and strengthened to comply to the public comments and the Umalusi directives in order to have it as an approved subject.

Timeline: - After strengthening (review process) the subject will be resubmitted to Umalusi for approval and after this the subject is handed over to the Minister for promulgation as policy and subsequently incremental implementation).
